

WIFE ATTACKS HER HUSBAND IN A SALOON

MRS. MARIE TATRO IS PLACED
UNDER ARREST BY GOLD-
FIELD OFFICER.

According to the Goldfield Tribune of Monday morning, a nice little family row entertained the patrons of the Tatro saloon about 3 o'clock Sunday morning at which Mrs. Marie Tatro, wife of Al Tatro, was the principal entertainer. The story of the early morning picnic is as follows:

The domestic infelicity of the Tatro's has again broken out with renewed vigor. Sunday morning, about 3 o'clock, Mrs. Marie Tatro, wife of Al Tatro, the well known musician, entered the Tatro saloon, and created a rough house by attempting to inflict bodily injury upon her husband with a big piece of rubber hose and severely biting him on the left cheek. Deputy Sheriff Charlie Benton took her into custody and lodged her in the county jail.

The woman was hysterical and fought like a tigress and had to be carried from the place. Yesterday afternoon her mental condition was such that she could not appear at the justice court and upon the advice of Drs. Turner and McCarthy she was removed to the county hospital for treatment. Last evening she was reported to be regaining her normal reason and resting quietly.

The Tatro's, who now live in Tonopah, had their troubles aired in the justice court some weeks ago, upon a complaint filed by Mrs. Tatro. Mr. Tatro came over here when the Lyric opened recently where he is employed at the piano, and also at the Tatro in the same capacity. His wife followed him here Saturday and stopped at the Overland hotel, which adjoins the theater. Since her arrival here friends of the couple have feared an outburst and are not surprised at yesterday's episode.

TUESDAY WAS PAYDAY FOR THE TONOPAH MINES

PRINCELY SUM OF \$250,000 WAS
DISTRIBUTED TO MINERS
OF THIS CAMP.

Yesterday was payday for the different Tonopah mining companies as well as the Tonopah and Goldfield railroad and it is estimated that over \$250,000 was paid out to the employees. The Tonopah Banking corporation, the Nevada First National bank and a large number of business houses and saloons done a thriving business cashing checks while the mercantile concerns were kept busy checking off the monthly accounts. Naturally everybody was happy for it was a day of reckoning. The payroll of this camp is steadily increasing and those who are in a position to know, say the amount paid out yesterday was the largest in several years. This is accounted for by the fact that the mines are employing full crews while the Tonopah Extension mill is also giving employment to additional workmen. Many of the miners did not wait to cash their checks but made a break to the brokerage office of Harry Epstein and placed orders for a favorite stock. This has long been the habit of a number of miners and now the spirit appears to have become contagious.

PYTHIAN SISTERS BALL A A GRAND SUCCESS

A congenial crowd gathered at the Miners' Exchange hall last night in attendance at the annual ball given by Argenta Temple, Pythian Sisters, and each and every one enjoyed the evening throughout. There was not a dance on the program that did not elicit applause and encores were frequent through the course. An efficient floor and introduction committee was on hand and this aided greatly in making the affair a success. This was the first annual ball of the organization and the members worked hard to make it the success it proved to be.

OXYGEN USED TO PROLONG LIFE OF A PATIENT

MINER, SUFFERING FROM PNEUMONIA, IS BATTLING WITH
DEATH.

Tom Manion, the MacNamara miner, who was taken to the Miners' Union hospital Sunday suffering from pneumonia, is battling with death at that institution and late reports from his bedside are to the effect that he stands about an even chance to survive. Yesterday Dr. Clark, who is in attendance, was forced to use oxygen for respiratory purposes and several times during the afternoon the battle with death appeared to have been lost but the use of the chemical element was resorted to with good effect.

Last evening the oxygen supply of this city became exhausted and Superintendent Frederick Bradshaw of the Belmont volunteered to go to Goldfield and secure a fresh supply. His offer was accepted by Dr. Clark, and Mr. Bradshaw made a record breaking trip in his auto. During the afternoon the patient was removed to the porch of the hospital where better air was afforded. A tent was rigged up and this, it is believed, will aid him in his battle.

GRAND JURY TO INVESTIGATE MURDER CASE

WITNESSES IN WHITE CASE AR-
RIVE FROM MANHATTAN
TO TESTIFY.

At yesterday's session of the grand jury but little business was transacted. Three committees were appointed and started work immediately on the subjects allotted to them. It is thought that the murder case of Ed White, who shot and killed Chas. Black at Manhattan several weeks ago, will come up today as a number of witnesses arrived from the northern camp last evening, having been summoned to appear before the grand jury and give their version of the killing.

It is understood that this case will be followed by the remaining criminal cases.

OLD TIMER IS ON THE TRAIL TO NEW STRIKE

FORMER TONOPAH MINING MAN
EN ROUTE TO EUREKA
COUNTY.

John Adams, one of the pioneer mining men of Tonopah, who several years ago was associated with Don Gillies and Julius Smith in many mining enterprises, arrived last night from Darwin, California, and today will continue on to the northern section of Eureka county where there is a new gold excitement. Mr. Adams will make the trip across country and will travel a distance of about 200 miles. The section he will visit, is a small district and a partner, who has been prospecting there, has said that phenomenal values can be secured by the placer method.

Mr. Adams spent the last summer in the district, but did not prospect for placer. Instead he operated a mining property and with a little work opened up a low grade milling proposition. The ore is free milling and assays running into the thousands have been obtained.

GIVES PERMISSION TO SOLEMNIZE WEDDINGS

The Rev. William McCart was yesterday granted permission to solemnize marriages in this county. The permission was granted by Judge Averill in the district court. Mr. McCart is pastor of the Baptist church in this city.

The Bonanza has the most complete ruling and binding plant in the state. Give us a trial.

SUES SPHINX TO ESTABLISH APEX RIGHTS

ROUND MOUNTAIN STARTED
IN GOLDFIELD COURT
YESTERDAY.

A civil suit of more than usual interest to the public in general and of importance to mining men in particular, was commenced before Judge Stevens at Goldfield yesterday.

In order that extra lateral rights may be determined and permanently established the Round Mountain Mining company, has brought suit against the Round Mountain Sphinx company et al., the latter being J. F. Davidson, a leaser on the Round Mountain Red Top, recently consolidated with the plaintiff company. The case involves some points of law which heretofore have never been decided in a district court.

The two defendants have entered cross complaints to the amount of \$850, the Sphinx company, as provided by law, for double \$125, or \$250, and the leaser, Davidson, for twice \$300 or \$600, alleging that the parent company has extracted ore which belongs to the lease.

The Round Mountain Mining company is composed of a group of five patented claims, which are the Sunnyside, 1, 2, and 3, the Las Gazabo and the Sunnyside Fraction. The Sunnyside claims were all located early in 1906, and the Las Gazabo just thirteen days later on March 3, 1906. The official survey shows that the Las Gazabo overlaps the Sunnyside claims at right angles and that the ore vein runs lengthwise with the Las Gazabo. The plaintiff company, therefore, claim the right to extract ore from a portion of the Gold Leaf which is a portion of the Sphinx, and also the Red Top, owned by itself, but upon which Davidson has a working lease. One vital point to be decided is the validity of the Las Gazabo as a mining claim. It was patented simultaneously with the Sunnyside claims, but runs within them, and at right angles. The Round Mountain Mining company is represented by R. G. Withers. Detch and Carney are counsel for the Sphinx and Davidson has secured McIntosh and Cook of Tonopah.

ATHLETES OF HIGH SCHOOL TO GIVE BENEFIT

WILL RAISE FUND TO DEFRAY
EXPENSES OF TRIP TO
RENO.

Tonight a benefit performance will be given at the Butler theater to the students of the high school, the funds to be used in defraying the expenses of the track team while on their trip to Reno to participate in the state academic field meet.

The boys will be under quite an expense, and in order that they might secure funds Manager Jake Goodfriend kindly donated the theater for the evening.

In addition to the regular program there will be a number of specialties, all of which will be good. The object of the benefit should meet with the support of every business man in town. The team leaves Thursday for the north and will be accompanied by Professor C. Schoer Jr., principal of the school and Coach H. M. Stotenburg.

Location notices, both in book form or by the dozen. For sale at this office.
